CAREER OBJECTIVE

Passionate and results-driven **Full-Stack Developer (React, Angular, Node.js, PostgreSQL, Next.js)** with proven expertise in building **ERP modules, AI-powered applications, and Purchase Order automation systems**. Strong background in **frontend frameworks, backend APIs, SAP data handling, and LLM-based integrations**. Seeking a challenging role in a reputed MNC to leverage technical and problem-solving skills for delivering **scalable enterprise solutions**.

TECHNICAL SKILLS

Frontend: React.js, Angular v19, Next.js, HTML5, CSS3, JavaScript, TypeScript

Backend: Node.js, Express.js, FastAPI, Django, REST APIs

Databases: PostgreSQL, MongoDB, MySQL

AI/ML: LLM Integrations, AI-powered Data Extraction, Prompt Engineering

Others: Git, Vite, PM2, SAP ABAP, Nginx, API Integrations

Soft Skills: Leadership, Effective Communication, Analytical Thinking, Problem Solving

PROFESSIONAL EXPERIENCE

GoodBooks ERP Technology Pvt. Ltd. – Coimbatore, India

React & Angular Developer / April 2025 – Present

- Developed and maintained **enterprise ERP modules** using React.js and Angular v19.
- Built **Purchase Order Management System** features: PDF upload, real-time API data extraction, and file parsing logic.
- Conducted **5+ R&D projects** on performance tuning, UI/UX improvements, and POC implementations.
- Integrated **frontend with backend** using Node.js, Express, and PostgreSQL.
- Collaborated with DevOps team for **smooth deployments** using PM2, Vite, and Nginx.

PROJECTS

Rabwin Industries – PURCHASE ORDER AUTOMATION SYSTEM (July 31, 2025 – Aug 19, 2025)

Independent Project | Tech Stack: React.js, Node.js, Express.js, PostgreSQL (PERN Stack)

- Designed and developed a complete Purchase Order automation application within **20 days**.
- Implemented PDF upload functionality where users can submit purchase orders directly via the app.
- Integrated with an AI-powered API to **extract PO data**, convert it into **SAP-compatible format**, and send to SAP.
- Automated response handling: success/failure messages from SAP are instantly **emailed to clients**.
- Managed **end-to-end development** including frontend, backend, database, and server deployment.
- Delivered a scalable, production-ready solution independently, handling both **application logic and infrastructure**.

CAMEOGRAT – Full-Stack Web Application

Tech Stack: React.js, Node.js, MongoDB

- Built a video-sharing platform integrating YouTube, GitHub, AnyDesk, and ChatGPT for developers and IoT learners.
 - Implemented video upload with category tagging (Application/IoT) and component listing for IoT videos.
 - Developed user authentication with unique user IDs, and features like follow, like/dislike, and video filtering.
 - Planned monetization through Google Ads to support creators and enhance platform revenue.
-

EDUCATION

Master of Computer Applications (MCA)

Dr. SNS Rajalakshmi College of Arts and Science – 2023–2025

Bachelor of Computer Applications (BCA)

KG College of Arts and Science – 2020–2023

High School & SSLC

Chandra Matric Higher Secondary School – 2020

CERTIFICATIONS & WORKSHOPS

- **SAP Certified Development Associate – ABAP with SAP NetWeaver 7.50** (Scored 81%) – Nov 2022
- **Summer Internship – React with Django (Python)** – May 2024
- **Workshop – AWS Cloud & CI/CD Concepts** – Dec 2023
